## TERRIBLE WRECK.

Two Crowded Passenger Coaches and a Baggage Car Were Engulfed in a River.

BUT THREE OCCUPANTS ESCAPE.

Heavy Rains Tore Out a Trestle Spanning a Stream Seven Miles North of Pueblo, Col.

Number of Drowned Will Probably Never Be Known—Seventy-Six Bodies Have Been Recovered, 58 Being Identified.

Pueblo, Col., Aug. 9.—The wreck of the World's fair flyer on the Denver & Rio Grande railroad near Eden, seven miles north of Pueblo Sunday evening, proves to have been one of the greatest railroad disasters in the history of the country. Two crowded passenger cars and a baggage car were engulfed in the torrent that tore out a trestle spanning Steele's Hollow, otherwise known as Dry creek, and, so far as known, only three of the occupants of these cars escaped death. Fortunately, two sleeping cars and a diner, completing the train, remained on the track at the edge of the abyss and none of their occupants were killed or injured.

How many perished probably will never be definitely ascertained, for the treacherous sands are drifting over the bodies. Searching for the dead was begun about midnight on an extensive scale and still is in progress. All corpses found were brought to Pueblo and placed in four morgues here. At 2 o'clock Monday afternoon 76 bodies had been recovered and of these 58 had been identified. During the day bodies were recovered all the way along Fountain river from the scene of the wreck to this city. At 1 o'clock Monday afternoon two bodies were taken from the stream at First street, Pueblo, more than eight miles from the point where the disaster occurred, and it is probable that some may be recovered even further down stream. None of the bodies are badly mutilated and all are in such condition as to be recognizable.

On the lookout for danger, warned by the equally clouds and heavy rains to the north, Engineer Charles Hindman was running cautiously about 15 miles an hour as he approached the arroyo, which was spanned by a bridge 96 feet in length. The condition of the bridge was not known until the locomotive, one of the monster passenger type, had nearly crossed. Fireman Frank Mayfield, with a torch that the engineer and the fireman had burning to ascertain the condition of the track, was in the gangway. When Engineer Hindman felt the tremor in the great machine and caught a glimmer on the water he shouted his last words: "Put out that torch," evidently thinking that in the accident he felt certain was coming, the flames would serve to spread fire.

But before Mayfield could obey, while the words were still on the lips of the doomed man, the bridge gave way as if it had been a stack of kindling wood and the locomotive dropped with the hissing steam 30 feet to the bottom of the arroyo, crosswise to the track.

The baggage car, smoking car and chair car followed the locomotive into the stream and were swept away. The fireman, as the locomotive went over, was thrown out and managing to grasp a piece of wreckage from the bridge, floated with that to a curve made by the caving bank and crept out of the water. He ran toward Eden, meeting on the way Operator F. H. Jones and his wife, who had already started up the track. They had seen the headlight of the approaching train a minute before and then had witnessed it disappear with ominous suddenness.

W. Vance, porter on the forward sleeping car Wyute, was one of the heroes of the disaster. To him and his nerve and bravery the persons on that car owe their lives. Vance was standing near the front end of the car when the crash came, and with rare presence of mind, rushed to the hand-brake on the front of the car and began tightening the brakes on the wheels. His car was slipping forward from the momentum and from the terrible drag in front, caused by the forward cars falling into the stream. Vance held on to the brake like grim death. His hands clenched the wheel until his fingers almost bled, but he held on until his tight grip stopped the car. The forward cars broke from the sleeper and fell into the water, while the car which Vance had held with the brake stopped one-third of the way on the brink of the chasm, overhanging the gulch below. The forward trucks had left the track and gone down, but the remainder of the coach stayed on the tracks and the

lives of the passengers were saved. It required two engines and nearly a half hour's work to pull this sleeper back from the brink of the chasm.

Peculiar pathos attaches to the death of two of the passengers, Miss Stella McDonald, of Pueblo, and Dr. James B. McGregor, of Ballard, Wash., who were drowned together. Their engagement was announced last week and the wedding was planned for the near future. Miss McDonald has been connected with the public schools of Pueblo for several years.

Lyndon, Kan., Aug. 9.—Capt. Frank H. Whitman, killed in the Pueblo wreck, was on his way to his home in this city to see his aged father, Prof. J. S. Whitman, who is on his deathbed.

## PRODUCTION OF BEER.

Germany Yields the First Place to the United States.

Washington, Aug. 9.—"Germany yields the first place in beer production to the United States," declares Frank Mason, consul general at Berlin, in a report to the department of commerce and labor. He shows from the annual report of the German Brewers' association that their product last year was less by 132,085,230 gallons than that of the American breweries. The falling off is accounted for variously, cold wet weather, the spread of temperance principles; the practice of economy by the middle classes, and the abolition in many shops of the "beer pause," and the substitution of tea and coffee as beverages.

## LIEUT. GEN. STOESEL.

It is Reported in London That He Has Committed Suicide.

London, Aug. 9.—According to the correspondent of the Morning Post at Shanghai, it is reported there that there are 10,000 sick and wounded persons at Port Arthur, and that the Russians are negotiating with the Japanese to send the hospital ship Mongolia away full of sick. It is reported, the correspondent says, that Lieut. Gen. Stoessel, in command of the military force at Port Arthur, has committed suicide, and that panic prevails at Port Arthur.

Marquis Oyoma, commander-in-chief of the Japanese forces in Manchuria, has proceeded north and expects to attack Liaoyang August 20.

## BIG BLAZE IN BUFFALO.

Property to the Value of About \$400,000 Was Destroyed.

Buffalo, N. Y., Aug. 9.—Fire in the five-story building at Nos. 251-257 Main street Monday afternoon caused a loss estimated Monday night at \$400,000, and for a time threatened the Academy of Music next door, where a play was being produced. By hard work, however, the firemen confined the blaze to the building in which it started and the prompt appearance of cool headed fire fighters on the stage in the Academy of Music prevented what might have been a serious panic. The people left the playhouse without serious mishap, although there was some disorder.

## FOUGHT OVER A DOLLAR.

Robert Thomas Fatally Wounded Joseph Chase at Chicago.

Chicago, Aug. 9.—Meeting alone on a big bridge connecting two of Morris & Co.'s buildings, Robert Thomas and Joseph Chase, colored, strike breakers, from Mobile, Ala., battled desperately Monday afternoon. Finally Thomas plunged a knife into Chase's abdomen, inflicting what is considered a fatal wound. Chase was removed to Morris & Co.'s hospital in the yards. Thomas was pursued into the basement of one of the buildings, where he was arrested. He made a desperate fight. Both men were employed in Morris & Co.'s canning department. They fought over a dollar.

## GRAND ARMY TRAVEL.

The Rate War Over It Has Broken Out Afresh.

Chicago, Aug. 9.—The rate war over the grand army business has broken out afresh. Monday the Grand Trunk made the announcement that its rate from Chicago to Boston would be \$15.40 for the round trip, and that under no circumstances would it relinquish the differential which it claims is justly due to the so-called differential lines, the Grand Trunk, Erie, Wash., Baltimore & Ohio and Nickel plate.

Maj. Norman Critically Ill. Frankfort, Ky., Aug. 9.—Maj. L. C. Norman, former auditor and a prominent politician, is ill at his home in this city. His condition is critical. Maj. Norman formerly lived in Boone county, and was a power in Sixth district politics.

## ARMY MANEUVERS

Preparing the Ground on the Battlefields of Bull Run and Haymarket, Virginia.

IT TAKES PLACE SEPTEMBER 5-10

When in Full Blast It is Estimated That 25,000 Regulars and Militia Will Be Engaged.

All Told the Government Has \$1,000,000 to Spend on the Maneuvers, Although It is Unlikely It Will Cost That Much.

Washington, Aug. 9.—An army of workmen directed from Washington is now engaged in preparing the ground for the army maneuvers that are to take place between the 5th and 10th of September on the battlefields of Bull Run and Haymarket, in Virginia. When the maneuvers are in full blast it is estimated that 25,000 men will be engaged. Of this number 5,000 will be regular soldiers and the remainder state troops. Three great camps will be established. The Southern Railroad Co. has the matter of transportation in charge and is laying down tracks and constructing stations for the use of the soldiers and their friends. All told the government has \$1,000,000 ready to spend on the maneuvers, though it is unlikely they will cost as much as that. The maneuvering area is 65,000 acres which, under the agreement made with the farmers of Virginia, is to be leased at 20 cents an acre.

In addition to that expense the United States probably will be called upon to pay a few bills for damages to crops, buildings and stock. The amount of damages to be paid the farmers will be determined after the maneuvers are over by a court of adjudication to be appointed by Gen. Corbin, by the governor of Virginia and by the farmers. The Southern Railroad Co. is spending \$25,000 in laying tracks about the camps. On September 10, which probably will be the gala day of the maneuvers, there will be a parade and review of the entire force by President Roosevelt and Gen. Corbin, commanding the department of the east. There will be sham battles almost every day between state troops or state troops and regulars. Between 40 and 50 newspapermen, representing publications in every state in the east, have made applications for quarters. All will be provided for.

## TURKEY WARNED.

The Patience of the American Government Is Well Nigh Exhausted.

Washington, Aug. 9.—Secretary Hay Monday bluntly told Cheikh Bey, the Turkish charge here, that the patience of the American government is well nigh exhausted. The charge is expected to communicate this information to his home government speedily.

There appeared to be an impression in the mind of the Turkish statesman that because the president of the United States could not make war without the consent of congress he thereby was stopped from indulging in a naval demonstration to forward his purpose to secure fair treatment for the Americans in Turkey. It is believed that on this point also the Turkish minister was enlightened by Secretary Hay.

## TOURING AUTOMOBILISTS.

The Advance Guard Arrives in St. Louis.

St. Louis, Aug. 9.—The advance guard of the large number of automobilists who are converging upon St. Louis from all parts of the country, arrived Monday night. Mr. and Mrs. Walden Shaw, of Chicago, were the first, closely followed by T. W. Pinkard, A. D. Rogers, C. O. Howard and Starling Rogers, all of Columbus, O.

St. Petersburg Full of Rumors.

St. Petersburg, Aug. 9.—The city is full of wild rumors that Port Arthur has fallen, due to reports from Chefoo of another assault in which the fortress was taken by the combined land and sea forces, though the Japanese lost two warships.

St. Petersburg, Aug. 9.—Viceroy Alexieff reports that in the engagement which took place July 26 off Port Arthur between the Japanese and Russian squadrons three Japanese ships, including a gunboat, were destroyed.

Ashland, Ky., Aug. 9.—Francisco Bros., contractors, of Ironton, O., who were the successful bidders for the street paving here, threw up the \$75,000 contract Monday evening, forfeiting \$500 to the city.

## WENT THROUGH OPEN BRIDGE.

The Freight Train Crew of Eight Were Drowned.

Henderson, Ky., Aug. 9.—A fast freight on the Louisville, Henderson & St. Louis road went through an open bridge between Sistersville and Spottsville, Ky., Monday night, and the crew of eight were drowned. The bridge is swung on a pivot in the center and had been turned previously to the arrival of the train to admit of the passage of a steamer.

Owensboro, Ky., Aug. 9.—Freight train No. 14, with engine and nine cars, ran into Green river off the "Henderson Route" bridge. The killed are Engineer Walter Riddle, Cloverport; Fireman Reuben Leslie, Louisville; Brakeman William Newton, Cloverport. The cars were loaded with cattle.

## COURT HOUSE CONTRACTORS.

They Have Received Orders to Stop Work.

Paris, Ky., Aug. 9.—A big sensation was caused here Monday when it became known that Gibson and Crawford, contractors on the new \$200,000 Bourbon county courthouse, were served with a notice that they must cease work and give up their contract within three days. The building was started two years ago and many changes in plans have been made. The contractors have alleged since before work was started that the plans were faulty in many ways, and almost every assertion made by them has been sustained by the defects showing in course of time.

## A PISTOL BATTLE.

One Dead and Two Hurt in a Street Duel.

Mt. Sterling, Ky., Aug. 9.—News reached here Monday of a desperate street battle which occurred at Williams Sliding, in Pulaski county, between Green Flynn, a leading business man, and Jesse Williams, a prominent lumber man. Flynn was uninjured, but shot and killed Williams instantly. Two bystanders were seriously shot.

## Died From His Injuries.

Lexington, Ky., Aug. 9.—John F. McNealey, who fell from the cab of an engine at High Bridge July 15, and sustained a broken back, died Monday morning at St. Joseph's hospital. Hospital physicians pronounce McNealey's a most remarkable case, as he has lived for 23 days with his spine almost severed. He had been conscious all the time.

## Bishop Had Negro Arrested.

Louisville, Ky., Aug. 9.—Rt. Rev. William G. McCloskey, bishop of Louisville, lost his horse in front of the Bourbon stock yards. Walter Andrews, a Negro, rode the animal away. Failing to sell the steed he took it to the city pound and collected \$1, the fee for bringing in an astray. The bishop had him arrested.

## Slot Machines to Remain Out.

Covington, Ky., Aug. 9.—The law committee of council recommended the filing of an ordinance repealing the slot machine measure. The ordinance was introduced at a previous meeting. The recommendation of the committee was approved by a vote of 8 yeas to 4 nays.

## Sewer "Rats" Caught.

Louisville, Ky., Aug. 9.—The police arrested two Negroes, who are believed to be Ira Parker and Ralph Gatewood, who escaped from the Jeffersonville reformatory by crawling through a sewer and tunnelling their way to liberty. They claim to be from Russellville, Ky.

## A Contractor Injured.

Latonia, Ky., Aug. 9.—Contractor Zach Hedges, 38, was probably fatally injured. He was directing his men in removing stone from the quarry when the embankment gave way. He was standing below the hill, and before he could escape, the falling rock and dirt covered him.

## Breast Was Crushed.

Covington, Ky., Aug. 9.—Patrick Concannon, 35, was almost instantly killed. Concannon was minus a leg and in attempting to change his position on a coal car he was driving he fell into the street, one of the wheels passing over his chest.

## Veterans Camp Was Organized.

Covington, Ky., Aug. 9.—The Spanish-American War Veterans met Monday night at Fifth and Madison avenue, for the purpose of organizing a camp. Charles Lambert was chosen temporary chairman and D. H. Roussett secretary.

## Flour Mills Shut Down.

Minneapolis, Minn., Aug. 9.—Pending a more certain outlook as to the flour demand and the price of cash wheat, all but five of the Minneapolis flour mills Monday night shut down for an indefinite period.

## UNION TEAMSTERS

They Are to Be the Principal Weapon Used to Win the Stockyards Strike.

NO ICE FOR CERTAIN BUTCHERS.

Pickets Will Be Stationed at All Retail Markets Under the Ban of the Union.

The International Brotherhood of Teamsters Arranged for a General Sympathetic Strike in Interest of Meat Strikers.

Chicago, Aug. 9.—The union teamsters are to be the principal weapon which the labor leaders propose to use to win the stockyards strike. Orders were issued Monday to drivers of ice wagons to deliver no more ice to butchers who buy of the big packers or to any of the branch houses of the packing plants where the men are now on strike. A list of more than 200 retail dealers who have been buying meat from the so-called trust packers and hauling away with their own wagons has been compiled and, according to the claims of the strike leaders, the ice supply will be cut off from every one of these places Tuesday morning. Arrangements have been made to have pickets stationed at all the retail markets which have been placed under the ban of the unions to see that the boycott is enforced to the limit.

Monday's order prohibiting ice deliveries to the retailers is a duplication of the one issued last week, but which was never enforced because it had not been sanctioned by the international officers of the teamsters' union. At Cincinnati, where the International Brotherhood of Teamsters was in session Monday, the necessary endorsement of the proposed boycott was given and the belated order will be put in force Tuesday morning.

Cincinnati, Aug. 9.—The closing day of the annual convention of the International Brotherhood of Teamsters was devoted to arrangements for a general sympathetic strike in the interest of the Butchers and Meat Cutters' Union. Resolutions were adopted, first endorsing the action of the packing house teamsters at Chicago and then similar resolutions were adopted specifying Kansas City, St. Joseph, Omaha and other packing house centers. Then a general resolution was adopted pledging the full financial and moral support of the Brotherhood of Teamsters to the packing house strikers. The constitution and by-laws having previously been amended so as to substitute strike benefits for an indefinite period instead of for four weeks, President Shea announced that this action meant that the teamsters would exhaust their last cent in the packing house contest. He also announced that he would immediately issue an appeal to all the locals in the United States and Canada for funds to be used for strike benefits at the packing house centers. There were very enthusiastic demonstrations during these proceedings.

Every delegate was pledged to go home and begin work at once in the local for financial assistance and to urge the boycott on the packing houses and carry out other orders issued by President Shea in the interests of the strike.

## WILL BE REPRIMANDED.

President Approves Commission's Report on Philadelphia Postmaster.

Washington, Aug. 9.—The president Monday approved a report of the civil service commission recommending that Postmaster McMichael, Philadelphia, be reprimanded as the result of the investigation of the charges filed by Robert B. Jenks, secretary of the Civil Service Reform association of Philadelphia. Political discrimination in Postmaster McMichael's selection of employees is alleged.

The Bonding of Railway Postal Clerks. Washington, Aug. 9.—In connection with the recent order requiring the bonding of the 10,000 odd railway postal clerks in the country, Assistant Postmaster General Shallenberger has decided that either personal or surety company bonds will be accepted.

## Mania For Killing Girls.

Pender, Neb., Aug. 9.—George Flourcloud, a full-blooded Winnebago, 25, has been held for the murder of Cora Elk, also a Winnebago, the fourth girl he has killed in two years. He has apparently a mania for killing girls.

Covington, Ky., Aug. 9.—When City Jailer Joseph Brosmore took charge of the jail he removed all of the county prisoners from the lower to the third floor of the building.

The acreage of potatoes over the country, excluding sweets, is greater than that of last year by about 90,000 acres, or 3.4 per cent. The average condition on July 1st was 93.9, as compared with 88.1 on July 1, 1903, 92.9 at the corresponding date in 1902, and a ten-year average of 92. These figures are given out by the Government.

According to statistics collected by the Government there were 47,009,367 hogs in the United States on January 1st last with an average farm valuation of \$6.15 per head. Iowa leads in the total number of hogs held at that time and in the total value, the figures showing 7,364,268 head valued at more than \$47,000,000.

### The Tobacco Market.

LOUISVILLE, KY.—Conditions in the tobacco trade have shown no variation the past week and the price fluctuations have not been important. Offerings of burley were very light, amounting to less than 100 hogsheds, but business in dark tobacco was of rather good volume, and receipts are holding up in a way that is calculated to please warehousemen. Owing to the increase in the dark business total sales are now only 1,135 hogsheds behind those at the corresponding period last year, with the prospect ahead of a good new crop business; provided there comes a satisfactory season for moving tobacco to the market, something that did not happen last fall.

The Trustees of Minerva Graded School are arranging to hold memorial exercises the first week in September and have invited Gov. Beckham to deliver an address.

A conference of the clergy and laity of the Lexington Episcopal diocese will be held at Winchester September 6 for the purpose of discussing the questions which will come before the triennial convention that will be held at Boston October 5.

### FREIGHT WRECK.

The South-bound L. and N. Train Derailed Near Clark's Station—Passenger Train Got in at 4 O'clock This Morning.

The L. and N. freight train that left here Monday afternoon was badly wrecked a short distance south of Clark's Station.

Either a broken flange, or a car that was too heavily loaded with sand was the cause of the accident. There were six or seven cars in the train, and all of them, with the caboose, were derailed. The engine was the only part of the train that kept the track. Some of the cars and the caboose were quite badly smashed up, but the crew fortunately escaped without serious injury. One of the men had the fingers of one hand painfully bruised.

The accident blocked the track, and the incoming passenger train last evening was delayed until nearly 4 o'clock this morning. Some of the passengers were transferred to this city in vehicles.

Col. Stitt of Carlisle has written to the Lexington Typographical Union for assistance in learning the details of the death of his son, Holladay Stitt, who was killed near Hurleyville, N. Y., last week. Mr. Stitt received a delayed letter from Dr. W. H. De Kay, Coroner at Hurleyville, notifying him of his son's death. The letter said that young Stitt had been killed by a blow on the head, but did not say whether by accident or not. Mr. Stitt telegraphed for further details, but had received no reply at the time he wrote the letter. His son was a member of the Typographical Union and had advised his father in the event of accident to write to the organization.

The Fourth Regiment of the Uniform Rank, K. of P., will leave Newport next Sunday morning at 8:30 o'clock for Louisville in a special L. and N. train to attend the biennial convention. The Maysville Knights are invited to make the trip with the Fourth Regiment. Round trip \$2.75 from Newport.

Rev. H. T. Musselman left Monday afternoon for Park's Hill where he delivered a lecture last evening. From there he goes to Morehead to assist in disposing of some questions in reference to Bracken Academy. He was accompanied by Mrs. Musselman and they expect to return home Friday.

The Mt. Olivet Advance, in its notice of the Penn Grove camp meeting, pays this compliment to a Maysville minister: "Elder Moss is a past master in the work of entertaining a camp meeting crowd. His sermons were rich in thought, and couched in the best verbiage. On Sunday night by request, he told of his visit to the Holy Land, and the audience was greatly pleased with what he had to say."

**STOMACH DOSING WILL NOT CURE.**  
Only Way to Cure Catarrh is by Breathing Hyomei.

Ask any physician if catarrh is a blood disease and he will tell you that it is a diseased condition of the mucous membrane and that it cannot be cured by blood purifiers, pills, tablets, or other forms of stomach dosing. The only sensible and scientific way to cure catarrh is by the use of Hyomei.

Breathed for a few minutes, four or five times a day, through a hard rubber inhaler that is so small that it can be carried in the vest pocket, Hyomei will absolutely destroy all catarrhal germs and cure the disease.

J. J. Wood & Son, one of the most reliable firms in Maysville, give their personal guarantee with every package of Hyomei. They sell, that it will effect a cure, or they will return the money. They had scores of reports of remarkable cures of both acute and chronic cases of catarrh by Hyomei.

The complete Hyomei outfit costs \$1 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50c.

Rev. and Mrs. M. G. Buckner left Monday for Mt. Sterling, the home of Mrs. Buckner's parents. Their little son was much better and in a fair way to recover. Dr. Buckner conducted a most interesting and instructive meeting at Washington the past two weeks and one that was of great help to the church in every way. He is a most enjoyable and effective preacher, giving out no uncertain sound. He is very highly regarded there where he ministered some years ago, and is much beloved by the entire community, as he is recognized as a sincere, zealous and true servant of the Master.

## A SAMPLE JOB

We ask you to please examine the square piano in our show window.  
This is a sample of our Mr. PAUL GERMAN'S work.

The entire case, both inside and out, has been refinished, action adjusted, keys and hammers refelted, strung with new wires, etc. In fact it is now a new piano, evolved by Mr. Germann from a miserable old instrument.

We are proud of his work and ask you to examine this job.

Mr. Paul Germann will remain with our exhibit at John I. Winter's store, and we trust you will give us your work.

All work guaranteed.
